Mahjong Room Styling & Shopping Plan

Cherished

THE ORIGINAL INSPIRATION

AI-assisted original concept. The selected-product styling direction appears on page 7.

OUR INSPIRATION

Keep & reuse · your Mahjong set

The styling brief

The treasured pink-and-green set inspired this warm, layered room. See the shopping choices first, then the room brought together on page 7.

BEFORE

BUY-NOW PRODUCTS $4,936.60

Core support reserves $395 extra; later support reserves $140 extra. Not an all-in $5,000 room.

Cherished

The design, at a glance

A room that feels collected, comfortable and yours.

01 / MATERIALS MOOD BOARD

Blush velvet · sage botanical · natural rattan · ivory/sage rug

A little of your story

The treasured Mahjong set leads the palette. The soft botanical pattern picks up its pink and green; blush seating carries the warmth into the playing area.

Repeat, rather than match

Layer blush velvet with natural rattan and cane. Repeat sage in the console, pillow pattern and softly faded rug. The leafy details echo the Cherished botanical character.

AI-assisted material mood board. Product photographs, exact selections and purchasing details are on pages 3–4; the coordinated furniture key is on page 7.

Your step-by-step plan

Clear instructions. One manageable step at a time.

STEP	TIME	WHAT TO DO
1. Measure before buying	45–60 min	Measure walls, windows and doors; confirm console and later lamp positions. Tape the table/chairs; test occupied seats, knee clearance and routes.
2. Confirm and order	30–45 min	Finalize page 3 wallpaper/drape quantities and chair fit; keep later pieces separate. Confirm variant, delivery, returns and total before ordering.
3. Prepare and decorate	6–10 hours	Protect retained floor. Prepare smooth painted walls for peel-and-stick wallpaper. Follow surface and curing instructions.
4. Assemble and anchor	3–5 hours	Assemble the four chairs and table to instructions. Use a helper for heavy pieces. Add and secure the console later, following its instructions.
5. Add soft surroundings	1½–2½ hours	Mount measured rods; hang drapery. Add the rug and pad later. Check hems and access to windows. Add inserts to the four pillow covers.
6. Place and light	45–75 min	Follow page 6 schematic. Add the table lamp later on the console only after confirming base and shade fit. Ceiling installation is a separate skilled task.
7. Finish and test	25–40 min	Add the set and pillows. Console, rug, lamp, shades and wall accents can follow later. Sit in all four seats; test glare, shadows, reach and chair movement. Move pillows if restrictive.

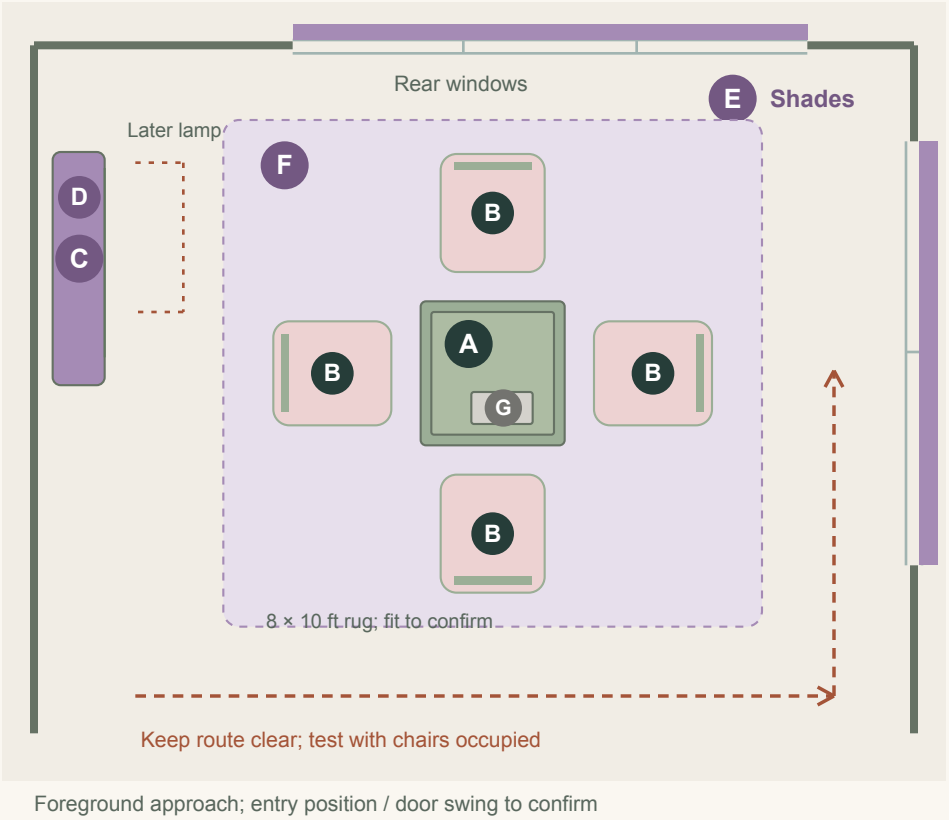

Times are estimated hands-on work, not elapsed project time. Delivery is additional. Follow the chosen primer, paint and adhesive labels for recoat/drying/full-cure time. Schedule electrical installation after wall work; allow installer time separately.

One refinement is included, if needed. Send changes together in one email to support@cherishedrooms.com within 7 days of receiving your report. For this sample, this describes support included with a purchased plan.

Your placement plan

Foreground approach; entry position / door swing to confirm

A

Rattan game table

36 × 36 in

B

Chairs + pillows

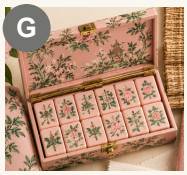

4 blush chairs; 4 covers

C

Later console

58.3W × 13D in

G

Our inspiration

Keep / reuse Mahjong set

Buy now **Add later** **Keep / reuse**

A–B: buy now. C–F: add later. G: treasured set, keep / reuse. H–I wall accents: page 4.

1. Make room to play

Center the table beneath the light. Tape all four chair footprints; test pull-back space and table-apron clearance.

2. Keep storage accessible

Reserve the left wall for the console. Check drawer access and keep the route clear when chairs are occupied.

3. Light without clutter

Add the lamp later on the console, with its full base supported. Check shade clearance and keep cords out of the route.

Measurements & Sample Assumptions

Illustrative placement: no measured room plan is supplied. Windows follow the styling image; wall lengths, entry and outlets remain unverified. The selected rug is 8 × 10 ft; fit is unverified. Table is 36 × 36 in; chair/console specs recorded Oct 22. The schematic is not a measured room plan. Furniture spacing is proposed, not verified clearance. Confirm room, retained pieces, doors and lamp-base fit before purchasing.

Your take-along guide

Take this palette with you after the first round is in place.

KEEP THIS FEELING

Ivory · sage · blush · antique gold

Soft botanical pattern, velvet and woven texture. Repeat these colors; let the inherited set remain the star.

For later: console, rug, antique-brass lamp, woven shades and wall accents. Page 4 has pictures, prices and links. Keep the inherited Mahjong set at the heart of the room.

LOOK FOR	WHERE / WHAT TO CHECK
C · Later console	Along the left wall: measure the 58.3 in width and 13 in depth. Keep both drawers accessible and check the Mahjong case against drawer/shelf dimensions.
D · Antique-brass lamp	The 6 in base fits the console depth; check the 14 in shade against the wall. Keep the cord out of the route. Above, try H with I centered over the art; check mounting fit.
F · Later ivory/sage rug	Center beneath the table and all four chairs. Tape the proposed 8 × 10 ft outline first; keep chair legs on the rug when pulled back. Choose the pad after fit is confirmed.
E · Woven shades	Layer Wheat Straw shades behind blush draperies. Measure each window width, height and mounting depth. Choose privacy lining if needed; final quantity remains open.

Thank you for exploring Cherished.

I hope this sample helps you see the possibilities. Another room, when you're ready.
